Ordered that the Secry write to Dr Richardson at Cambridge. acknowledging the favour of his Letter. to Dr Dennis now at Bath.

The Printer from the Committee attending he was called in and there being some difference with regard to the Price

It was agreed to desire the Syndics to determine the price of Printing Twelve thousand Welch Bibles &c and observing that 2 li. 5 s. p Sheet had been mentioned as the Price for Printing Ten thousand & that the extraordinary Charge of Working off 5000 more is only 1 li 15 s. p Sheet. The Society were willing to allow 10 s p Sheet profit upon the additional 5000, so that upon the whole they are willing to pay Thirteen Guineas p Sheet for Printing 15000: & considering the Charitable nature of this Work & the whole Circumstances of the Case, they hope that Sum will be thought sufficient; but perswade themselves that the Syndics will fix the Price as low as possible, and to assure them that the Society are very sensible of their good disposition to carry on this pious

spious and useful design, and very thankful for the kind assistance to be expected from the University, and proposals will be sent down accordingly.

A Proposal for Printing an Impression of Bibles in the Welch Language

There being at this time the utmost scarcity of Bibles in the Welch Language & vast Numbers of Inhabitants in several parts of Wales being unable to purchase Bibles for themselves; their unhappy Case is most earnestly recommended to the publick Compassion, for a speedy & liberal assistance to furnish the People with the Holy Scriptures in that Language in which alone they can possibly read them.

the

the Welch Language is wide. And accordingly they have already made a Contract w^th the University of Cambridge for an Impression of Lindsey's Welch and Bibles and Common Prayer Books together with the Psalms in Metre: not doubting but that the same gracious Providence w^ch has prospered all their other Undertakings for the glory of God & y^e Salvation of Souls, will also raise up Benefactors to enable them to compleat this, notwithstanding the Expence will amount to a very large sum.

All those who are disposed to encourage so charitable and Christian a Design, and desirous to have it go forward w^th all possible expedition are hereby requested to pay or remit their several Contributions as soon as may be to the Treasurers of the Society, or to any of the following Persons who have kindly engaged to receive them, viz

Resd that the Sum of One Hundred Pounds be insured on each of the Binders Houses, for Welch Bibles Pattern Books entrusted with them by the Soc.y.

It is the Opinion of the Society that the N. Rich.d Eyre.

The Soc'y for promoting Christian Knowledge having, by the Blessing of God finish'd a third Impression of 20,000 Welch Bibles are Considering how & through whose hands they may Order such a Distribution of them, as will diffuse the good they hope to do thereby throughout the whole principality of Wales. Have come to this general Resolution, That they will have, without respect of persons, a due reg[ard] not only to the extent of each diocese, but likewise to the Number & Circumstances of its Welch Inhabitants.

Accordingly I have it in Command from the Soc'y to desire of their Members that they will, as soon as they can, Signify to the Board how many Books they think they shall have an Opportunity to dispose of, distinguishing each Diocese, nay each Parish, & if it may be each Family, wherein they propose to distribute them; being carefull that though they have not as plenty, they could wish there may be still no such Scarcity, but that each Single Family may be benefited, without doing a Prejudice to others, who may stand in equal need of the same Blessing, & are known to be no less willingly to use it religeously.

The Binding of this whole Impression is contracted for, & will be forwarded with all the haste as can be made without damnifying the Books.

Hen. Worc.

The price of each Bible bound in Calf, will be 7.6 Carriage included. payment to be made upon the delivery of the Books, a Condition which the Socy are obliged to insist on since the Money rec'd from the sale of the two former Impressions, & from present Benefactions, has not answer'd the Charge of Paper & printing in this, & Nothing is left towards defraying the great Sum that will be requisite for binding up these Books, & sending them Carriage free into y Country. And as this is the State of the case, the Socy think it but just to ease their other Funds, as soon as they can, from the extraordinary Burden that now lays upon them, in being load'd with a heavy Debt incurr'd by this Impression.

The Socy desire the Members who are intrusted with the Disposal of these Bible, to guard with peculiar Caution that they be not sold at a higher price than 7.6 each Book; & treat them as Fellow Helpers with the Socy in the good work of promoting Christian Knowledge, that they will use their best Endeavours to distribute this inestimable Treasure in the most discreet Manner, & to have a particular Regard to such Families as are known to be piously disposed, & who would not make Merchandise of the Word of God.
